

**REMARKS**

Favorable consideration of this application is respectfully requested in view of the above amendment and the following remarks. In a telephone conference with the undersigned on November 17, 2009, the Examiner indicated that the case would be in condition for allowance and method of treatment claims 10, 14 and 15 would be rejoined upon amendment of these claims to recite the specific types of pain recited in claim 11.

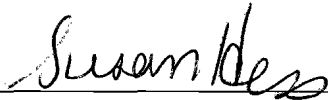

In response, claims 10, 14 and 15 have been amended and claim 11 has been cancelled. In addition, new method of treatment claim 18 has been added which utilizes the compound of claim 16. It is submitted that no new matter has been added.

A good faith effort has been made to place the present application in condition for allowance. If the Examiner believes another telephone conference would be of value, she is requested to call the undersigned at the number listed below.
